

State Officer Applications are on the website, on the Executive Council webpage.

We are excited to extend our partnership with Children's Hospital at Vanderbilt through **March 6, 2020** to allow all of our chapters more time to participate and to help their organization prevail!

What is the HOSA vs. FCCLA competition?

Tennessee FCCLA and Tennessee HOSA are competing to see who can raise the most money for the Children's Hospital and learning about various medical and family-centered careers in the process. Last year, the Children's Hospital treated more than 400,000 patients, including patient families from every county in Tennessee. The goal is to raise at least \$50,000 combined to fully-fund a discovery research grant!

How you can participate?

1. [Click here](#) to find your school's fundraising page and ask your chapter members to sign up on this team.
2. Set an individual fundraising goal of at least \$70 for each member.
3. Host a fundraising event!

What you can win?

1. The top fundraising individual will win a \$500 scholarship!
2. The top ten fundraising individuals will receive a letter of recommendation from Vanderbilt Children's Hospital.
3. The top fundraising schools and districts will receive special recognition at their State Conference.
4. The top fundraising school in each district will also receive a special visit from a patient at Children's Hospital.

A special thank you to the schools that have already begun fundraising!

1. SCHS
2. Macon
3. TN FCCLA State Officers

This partnership wouldn't be possible without the excitement and support of every chapter and every member!

If you have questions about Children's Hospital, please contact Casey Stein at casey.stein@vumc.org.

Have a great week!
